Disneyland Tickets

Disneyland Tickets

Select your favorite way to enjoy Disneyland. There are several ways to enjoy the Magic Kingdom, each designed to fit your individual needs.

Passports and Guided Tour tickets may be purchased at the Main Gate Ticket Booths and the Monorail Station at the Disneyland Hotel. You will need Passports for children (ages 3-12) and adults. Children 2 and under are free.

Unlimited Passports

The one, two or three-day Passport gives unlimited use of Disneyland adventures and attractions (except Arcades), with one convenient ticket that's your Passport to fun.

Guided Tours

Unlimited Passport not included in Guided Tour ticket.

Senior Fun Days

Insiders' Tips on Making Your Visit More Pleasant

These suggestions will help save time, energy and footsteps while you enjoy all there is to see and do during your visit to Disneyland.

Attractions

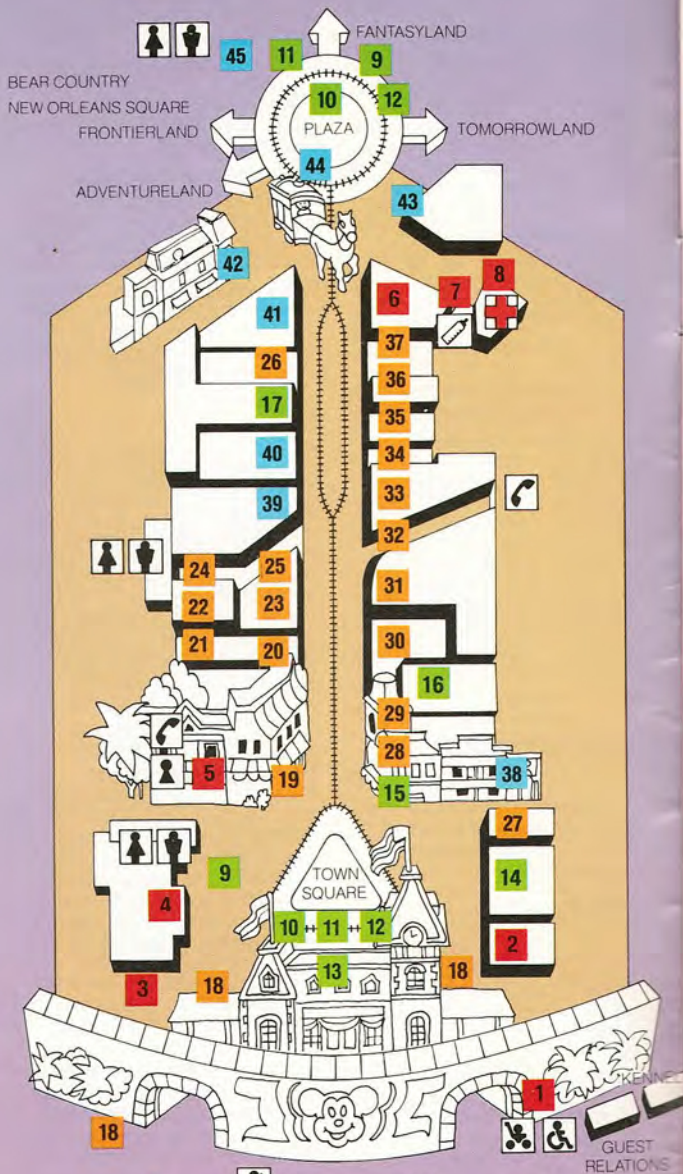

No matter what the season, the best time to see our most popular attractions is early in the day (before noon) or just before Park closing. Let the descriptions listed on pages 5-19 help you decide which attractions you wish to see. We suggest you begin with a train trip around the Magic Kingdom, and then proceed to the attractions of your choice using the inside map as a guide. Your Passport will enable you to experience a variety of attractions and adventures.

Re-Entry to Disneyland

If you wish to leave Disneyland and return during normal Park operating hours on the same day, you must have your hand stamped at the exit turnstiles. You may re-enter the parking lot, free of charge, during normal Park operating hours on the same day if you retain your parking ticket and present it at the Parking Lot Entrance upon your return. Disneyland Hotel guests and visitors, exiting by way of the Disneyland Monorail, must also have their hands stamped as they exit the Monorail to obtain re-entry during normal Park operating hours on the same day.

Disney Characters

Disney Characters may appear at many different locations throughout the Park. They have no specific schedule. So, keep your eyes open, they could surprise you at any time!

Kodak Picture Tips

for Disneyland

1. For sharp pictures, hold your camera steady as you gently squeeze the shutter release.
2. Add a feeling of depth to your pictures by "framing" the subject with a foreground object such as an arch or tree branch.
3. Personalize your pictures by including friends or family members in the foreground.
4. You may want to capture interesting details of subjects by moving in close. With the close-up setting on some Kodak disc cameras you can get as close as 18 inches.
5. To help make a complete picture story, take photographs at the "Photo Spot" signs throughout Disneyland.
6. Make title pictures for your picture story by photographing identifying signs.
7. For good flash pictures be sure to keep your subject within the flash distance range for your camera.
8. Concentrate attention on your main subject by moving in close enough for it to fill the entire viewfinder (check your camera manual for the minimum subject distance).
9. For natural pictures of people have them involved in a fun activity rather than staring at the camera.

10. Get the complete picture — don't lose part of it by having fingers or parts of camera straps and cases in front of the lens.
11. Protect your film by storing it and your camera away from areas that become hot.
